The Sea Cargo Charter

Summary of the governance structure

The governance structure of the Sea Cargo Charter Association is modelled on the Poseidon Principles Association, which is itself modelled on the Equator Principles.

The Sea Cargo Charter Association manages, administers, and develops the Sea Cargo Charter. The members of the Sea Cargo Charter Association are the signatories to the Sea Cargo Charter. The Sea Cargo Charter Association was established following the official launch in October 2020 and its scope was expanded to fully include shipowners in April 2024.

The Sea Cargo Charter Association is governed by a set of Governance Rules which provide guidance to existing and prospective signatories on the processes for the management, administration, and development of the Sea Cargo Charter. Additional responsibilities and procedures for the Association will be found there.

Roles of the Sea Cargo Charter Association

Steering Committee

The Steering Committee is comprised of 10 to 15 representatives of signatories to the Sea Cargo Charter, with one representative per signatory. One member acts as Chair, one member as Vice Chair, one member as Treasurer.

Steering Committee members hold a senior position relevant for the Sea Cargo Charter. The Steering Committee leads the Annual Meeting and holds other meetings as necessary. Members of the Steering Committee are volunteers and are therefore not compensated by the Association.

Key responsibilities of the Steering Committee are outlined in the table below and the list of members currently part of the Steering Committee can be found on the website.

Signatories

All signatories are members of the Sea Cargo Charter Association and are encouraged to participate in and contribute to the management of the association in a manner that supports the Principles and is appropriate for their institution.

The charterers and shipowners who have become signatories send a senior representative to relevant meetings of the Association, such as the Annual Meeting. Just as with the Steering Committee, the representative must hold a position relevant to the Sea Cargo Charter.

Signatories can nominate a representative from their institution to become a member of the Steering Committee. Nominees are then voted into positions by all signatories and serve a term in the Steering Committee as outlined in the Governance Rules.

Technical Committee

At the 2021 Annual Meeting, the signatories voted and agreed to establish the Technical Committee. Its role is to ensure the methodological integrity of the Sea Cargo Charter within the scope agreed by the Steering Committee. The Technical Committee does not have decision-making power; it formulates proposals which are then broughtup to signatories.

The Technical Committee is composed of a subset of Steering Committee members and is supported by the Advisory and Secretariat. Technical Committee members must hold appropriate technical background.

Secretariat

The role of the Secretariat is to maintain the day-to-day business and administration of the Steering Committee, the Sea Cargo Charter, and the signatories. Key responsibilities are highlighted in the table below. The Secretariat serves a facilitating function in the Steering Committee, Technical Committee, and among signatories.

Advisory

The Advisory, similar to their previous role in the drafting group, advises and guides technical discussions and expertise of the Charter, including creating and revising the scope of the Charter, the decarbonisation trajectories. It ensures that the used methodology and data found in the Charter are current, relevant, and simple to implement for signatories.

The Advisory is involved in the Technical Committee, and it also takes part in the Steering Committee meetings as needed.

Group	Roles
Steering Committee	Chair
	Provides coordination across the Steering Committee
	Attends all formal meetings and approves the official agenda
	Coordinates with the Secretariat
	 Appointed by the Steering Committee and formally voted in
	Vice Chair
	Takes on chair responsibilities when the Chair is unable
	Completes tasks delegated by the chair
